Under the agreement between the two companies, McKesson will rely upon IntelliNet's Canadian **National infrastructure of 284 Network Engineers and Field Service Technicians** to perform **Rapid On-Site Service Everywhere in Canada with Two-Hour and Four-Hour Service-Level-Agreement (SLA) coverage**, on installations of McKesson systems.

According to David Westrheim, President & CEO of IntelliNet; "McKesson has the same challenges as many manufacturers to be able to provide prompt, professional and effective on-site service throughout the broad geography of Canada." Westrheim further commented; "by relying upon our national service infrastructure, like many of our other partners, McKesson can provide their entire Canadian installed base with a service solution through a single relationship with IntelliNet."

According to Andre Lecours, Director of Operations; "McKesson provides award-winning products but must ensure that we provide our customers with quick effective service in the field." He added; "our deal with IntelliNet, does just that."
