According to Mr. David Westrheim, President & CEO of IntelliNet; **“both Time Search Inc., with their Calgoo Software, and Meridex with their 3Csafe Software, are focused on their proprietary software products as opposed to the IT Infrastructure business which is core to IntelliNet’s business and Road Map.”** He added; “That is what makes this acquisition such a good fit and a win-win for all.”

In conjunction with the acquisition, **IntelliNet has acquired all Title, Copyrights and Intellectual Property associated with the proprietary ERP software product known as eCommerceExplorer (eCX).** Westrheim commented; “a review of the public company records of Meridex depicts in excess of 10 years development and many millions of dollars invested in the creation of this software solution.” “Now we can take it to the next level”, he added.

Former and/or current Meridex and Voyus clients as well as strategic partners and industry professionals are invited to **contact David Westrheim at either 604-273-5001 x224 or email at [dwestrheim@intellinet-canada.com](mailto:dwestrheim@intellinet-canada.com).**

#### **About Time Search Inc.**

Time Search Inc. is the developer of Calgoo Software and the successor to the IT Services operations of Meridex. Calgoo Software is dedicated to providing software to simplify calendars and schedules for people, families and businesses. Their solutions foster harmony and simplicity by making sense of the calendars, schedules and events at work, home and everywhere else.

#### **About Meridex**

Meridex Network Corporation is a wholly owned subsidiary of Meridex Software Corporation, trading on the TSX under the symbol “MSC”. The company formerly provided IT Managed Services to corporate clients across Canada. Meridex Network Corporation’s IT Services Business was comprised of a long line of acquisitions in the Canadian IT Services marketplace. The history starts with Voyus who themselves were a consolidation of a number of IT Services companies in Canada including Total Computers Services, A.B. Microtek, 123 ComputerHelp Resources, GT Networks, Jaguar Systems, Canadian Web Design & Consulting, Tronica, Harris Computer Services and PC Support.com, amongst others. Eventually Meridex acquired Voyus and then went on to acquire and merge into Meridex additional IT Services companies including Thinapse Systems and The Praxium Group.
